

CHALKBOARD

Panel Processing produces quality chalkboard panels and components used in learning aids, toy and game products, juvenile furniture, store signs, café walls and other commercial applications. We offer 3 types of chalkboard: Regular Chalkboard, Liquid Chalkboard and Chalkboard Laminate; each with their own features and benefits.

REGULAR CHALKBOARD

- Green, teal and black standard colors
- Custom color matching available
- Accepts traditional chalk (liquid chalk markers may leave ghosting)
- Accepts screen printing and digital printing
- Water based paint
- Meets rigid Mallis and Dehart architectural standards

LIQUID CHALKBOARD

- Black standard color
- Custom color matching available
- Accepts traditional chalk & liquid chalk pens
- Smooth printable surface accepts screen printing and digital printing
- Water based paint

LAMINATE CHALKBOARD

- Black only
- 2 sided available
- Accepts traditional chalk & liquid chalk pens
- Smooth printable surface accepts screen printing and digital printing
- Melamine paper

CUSTOMIZE

- Custom color matching available
- Screen printing and digital printing accepted on this surface
- Cut-to-size and machined to exact specifications
