THIS ISN'T YOUR GRANDFATHER'S PROFESSION.

With advances in technology, we have so many great opportunities for careers in the forest products industry. Entry level jobs often lead to advanced careers as lumber graders, head sawyers, skilled machinists, domestic and international sales, foresters, timber harvesters, and more. From forestry and logging to manufacturing lumber, veneer, flooring, furniture and paper, there are great jobs waiting for men and women who are committed to protecting the environment, keeping manufacturing jobs in the USA, and having good jobs that pay. Come explore how the forest and its products may hold the key to your future.
